

We're happy to recommend CSI to anyone. They've done commercial and residential projects for us – always at a fair price for quality work.

Our last home, we went with a competitor in order to save \$500. The job was sloppy, the old chimney flashing wasn't removed and re-done and they left our yard a mess.

This time we chose CSI again and we're once again very satisfied. Oscar and crew are a pleasure to work with and they are meticulous with the details. The flashing and valleys are right, the finished roof looks sharp and our yard is clean.

Thanks guys!

Ed Schrage
