Manor Ridge

Jan 08

The Flat Roof Specialists are excellent! They fixed our leaking roof due to flashing failure around the chimney. They are very professional, and a completely itemized invoice was mailed after the job was completed, and the total was very reasonable. We are extremely pleased with the whole process and highly recommend them. When I called to pay, I was pleased to find I was talking to a fellow resident in Manor Ridge ~ So when you call, you can expect excellent care! Thanks, Wanda! And they have an office not too far from Manor Ridge ~ four miles, near the old Monk's Furniture warehouse . Their number is 919 834-ROOF (7663). Call for an estimate for any roofing needs!
