

I have been very happy this past year here in Winston with your service and appreciate the professional manner you handle my center with on every single visit. Mark has been a pleasure to work with and truly conducts himself as a professional while providing his services here in Winston. I fully understand the nature of roofs leaks and just because you repair a leak, it does not necessarily mean it was the leak you were working on, that being said I have been truly impressed with Mark's success percentage on his repairs. I wanted to make sure you were aware of these things, I know in my position I love to get positive feedback on my staff from the tenants they service.

Thanks,

Ed Cawley
